

What are your traffic safety concerns?

**Distracted Driving? · Impaired Driving? · Occupant Protection?
Pedestrians & Bicyclists? · Speed & Aggressive Driving?**

The public is cordially invited to attend a traffic safety meeting for the State of Maryland. We invite you to ask questions, share concerns and provide input for the development of the 2026-2030 MD Strategic Highway Safety Plan (SHSP). The **SHSP** is a 5-year State traffic safety plan designed to prevent crashes and mitigate injuries through strategies that address roadway design, driving behaviors, technology, and policies. Maryland is a Vision Zero State where only ZERO crash related fatalities and serious injuries are acceptable.

***Public meetings are scheduled for the following times and places.
An in-person and virtual option will be available.***
