Cheswick needs your help!

Cheswick is heading to the Allegheny Mountains.
Direct him there by finding the correct path.

Remember, if you're riding
a scooter or bike,
always wear bright clothes!

Help keep the driver safe!

Some things can take a driver's eyes off the road.
Can you circle the things that might distract a driver?

Answer: Great job if you circled ALL the pictures! Talking passengers, cell phones, pets, music controls, snacks, grooming, reading, road work, other cars, and more can all be distracting to drivers! Drivers need to keep their eyes on the road and stay focused to keep everyone safe!

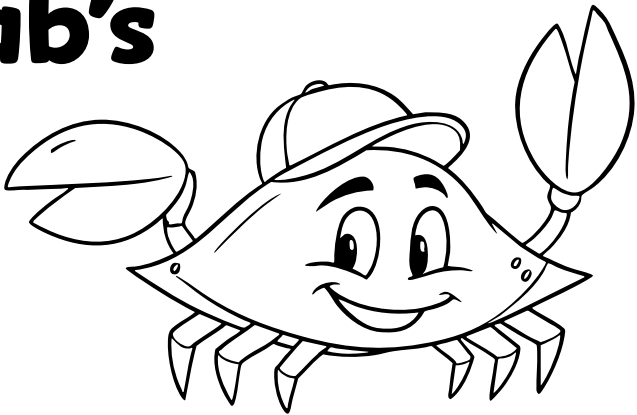

It's important to make sure that
**everyone buckles up when they
ride in the car!**
